Project Title: ADDENDUM No. 2 to the EIR for the Shady View Residential Project

Project Applicant: TH Shady View LLC and Optima Conservation Resources Exploration, LLC

Project Location (include county): South of southern termini of Shady View Drive and Via La Cresta, City of Chino Hills, San Bernardino County; Assessor Parcel Number (APN): 1057-261-06

Project Description:

This addendum serves as the environmental review for a proposed modification to the implementation timing (deferring the implementation from prior to the 1st residential occupancy to prior to the 45th occupancy) of intersection improvements at the intersection of Shady View Drive/State Route 71 Off-Ramp at Butterfield Ranch Road and at the intersection of Twin Knolls Drive and Butterfield Ranch Road. The deferral of the Traffic Control Improvements will not cause a new significant environmental effect nor result in a substantial increase in the severity of the project's previously identified significant effects. No further changes or modifications to the approved project are proposed.

The project proposes the development of a single-family residential subdivision, consisting of 159 single-family residential homes, a community recreation center, private interior streets, debris basins, utility infrastructure, and other associated improvements. Additionally, the project includes approximately 80.8 acres of homeowners' association-maintained open space, the demolition of an existing oil storage tank facility, and the construction of a replacement oil storage tank facility. The project consists of four main components: (1) residential development; (2) oil tank removal and construction; (3) amenities and open space; and (4) access, circulation, and parking.

This is to advise that the City of Chino Hills has approved the above described project on September 5, 2023, and has made the following determinations regarding the above described project.

- 1. The project [X] will [] will not] have a significant effect on the environment.
2. [X] An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
[] A Negative Declaration (MND) was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures [X] were [] were not] made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan [X] was [] was not] adopted for this project.
5. A statement of Overriding Considerations [X] was [] was not] adopted for this project.
6. Findings [X] were [] were not] made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at: https://www.chinohills.org/1867/31585/Shady-View-Residential
