Ms. Lynna Monell
Clerk of the Board of Supervisors
County of San Bernardino
385 North Arrowhead Avenue, 2nd Floor
San Bernardino, CA 92415-0130

Dear Ms. Monell:

This is to inform you of my interest in being reappointed to represent the San Bernardino County cities on the South Coast Air Quality Management District (SCAQMD) governing board.

Attached is a brief biography that outlines my experience at the local, regional, statewide, and national level.

Knowing how impactful the decisions made by the SCAQMD governing board can be on the health of our citizens, on our local businesses, and on the economy of our region, it is imperative that our voice be heard during the SCAQMD rule making process to meet the federal air quality standards. We have made enormous progress over the years in the important goal of cleaning our air. While we must still do more, I believe a strong economy that provides needed jobs is as important to our health as is clean air. I am committed to seeking that balance as we continue to improve our air quality.

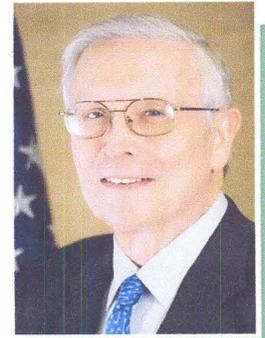

I look forward to a favorable consideration by the City Selection Committee and to being reappointed to serve as the San Bernardino County City Member on the SCAQMD governing board.

Sincerely,

Larry McCallon
Mayor
